

TAX Relief Process for UK Donors

IDO now offers the possibility of Tax Relief for UK donors that donate more than £250.

What are the benefits?

Using our agent TGE (Trans Giving Europe), both the donor and IDO benefit from the tax relief offered. For every £100 donated, IDO would receive £118.75.

If you are a 45% taxpayer, you can claim a tax relief of £31.75, so your cost is only £68.25. IDO receives 1.74 times what you donate.

If you are a 40% taxpayer, you can claim a tax relief of £25, so your cost is only £75. IDO receives 1.58 times what you donate.

Process

To take advantage of the TGE (Trans Giving Europe) you need to register with the Charity Aid Foundation.

First complete the following two forms ([download here](#)). The first form is the gift request form and the other is to confirm you as a UK tax payer and that you pay taxes which are larger than what will be reclaimed (25p for each £1 given).

The beneficiary is IDO, 42 rue Saint Dominique 75007 Paris.
Contact name is Jean Chevallier, jchevallier69@gmail.com.
